

Global COE International Symposium

Evolution, Development and Education of Logic and Sensibility

Date: Sunday and Monday, 7-8th March, 2010

Venue: North Building Hall, Mita Campus, Keio University

Sunday, 7th March "Evolution and Development of Logic and Sensibility"

Chair: Shigeru Watanabe (Keio University)

(1) Gavin Hunt (The University of Auckland) 9:00-10:00

How pandanus tool manufacture and use develops in free-living juvenile New Caledonian crows

(2) Hans-Joachim Bischof (Universität Bielefeld) 10:00-11:00

Innate and Acquired Behaviour: Do we have to revise our position?

(3) Franck Péron (Université Paris Ouest Nanterre La Défense) 11:10-11:30

Social cognition in African grey parrots

(4) Discussion: 11:30-12:00

Chair: Jun-ichi Yamamoto (Keio University)

(5) Yasuyo Minagawa-Kawai (Keio University) 13:00-14:00

Acquisition of linguistic logic in infants' native language

(6) Joe McCleery (University of Birmingham) 14:00-15:00

The neurodevelopmental basis of social and non-social functioning differences in children with autism

(7) Shigeru Kitazawa (Juntendo University) 15:20-16:20

Toward a cure based on a better understanding of autism

(8) Kosuke Takahashi (University of Tsukuba / Keio University) 16:20-16:40

Relational learning in children with autism

(9) Discussion: 16:40-17:10

Monday, 8th March "Evolution, Logic and Sensibility of Education"

Chair: Juko Ando (Keio University)

(1) Alex Thornton (University of Cambridge) 9:00-10:00

The evolution of teaching

(2) Masaki Tomonaga (Primate Research Institute, Kyoto University) 10:00-11:00

Social-cognitive bases for (non-) active teaching in chimpanzees

(3) John Sweller (The University of New South Wales) 11:00-12:00

Biological evolution and human cognition: Logical, natural information processing systems that lead to instructional design principles

(4) Sidney Strauss (Tel Aviv University) 13:00-14:00

Human and non-human teaching are not the same: A cautionary note against conflating them

(5) Mariko Hasegawa (The Graduate University for Advanced Studies) 14:00-15:00

Sympathy, imagination and teaching: The origin and evolution of human education

(6) Kazushige Akagi (Mie University) 15:15-15:45

Development of teaching behavior in children with autism and typical development

(7) Keisaku Tamada (Keio University) 15:45-16:05

Evolution of *manga* and *manga* in education.

Organized by: Global COE Program "Centre for Advanced Research on Logic and Sensibility",
Keio University

Co-Organized by: Mita Philosophy Society

参加無料・事前登録不要・入退場自由

使用言語: 英語 (通訳なし)

沢山の皆様のご参加を、お待ちしております。
