Toward an Integration of Logic and Sensibility- from Neuroscience to Philosophy-

12th Sep.

Session1 9:50-11:50 Comparative study of Logic and Sensibility 〔Chair : S. Watanabe〕

Ludwig Huber
(University of Vienna, Austria)
play, exploration, innovation, inference and the skills to trick the researchers

Hans-Joachim Bischof
(Bielefeld Univ., Germany)
Developmental Influences on Social Behaviour in Birds

Shigeru Watanabe
(Keio Univ., Japan)
Sensibility to others' emotional states - comparative study of empathy-

Session2 13:00-15:00 Neural basis of Logic and Sensibility 〔Chair : S. Umeda〕

Zang-Hee Cho (Neuroscience Research Institute, Gachon University of Medicine and Science, Korea)
Role of High Resolution Neurochemical Functional Studies in Cognitive Neuroscience

Toru Shimizu
(University of South Florida,USA)
Brain Evolution for Logic and Sensibility

Shozo Kojima
(Keio Univ., Japan)
Agreeableness and prefrontal responses to permissible lies: A near-infrared spectroscopy study

Poster Sessions① 15:00-15:45 Members of the Unit "Brain and Evolution"
Y. Yamazaki   E. Izawa   Y. Yotsumoto   S. Masuda   Y. Someya   F. Taya   Y. Ikkatai   M. Shibata   T. Tsujii , and more

Session3 15:45-17:45 Development of Logic and Sensibility 〔Chairs : J. Ando and J. Yamamoto〕

Minoru Asada
(Osaka Univ., Japan)
Synergistic Intelligence System Project: from motor learning to cognitive development.

Juko Ando
(Keio Univ., Japan)
On Homo educans hypothesis: Evolution of teaching and genetic variation in education.

Junichi Yamamoto
(Keio Univ., Japan)
Dissociation and Integration of Logic and Sensibility in Developmental Disabilities

13th Sep.

Session4 9:30-11:30 Logic and Sensibility in Art 〔Chair : K. Toyama〕

Dominique Lestel
(École normale supérieure, France)
Thinking Non Human Art: Problems and Paradoxes

Koichi Toyama
(Keio Univ., Japan)
Rendering of Cast shadow in 15th Century Italian Painting

Hideaki Kawabata
(Keio Univ., Japan)
Venturing into "Sensibility" through Neuroaesthetics

Poster Sessions② 12:30-13:00 Members of the Unit "Brain and Evolution"& "Genetics and Development"
Y. Minagawa-Kawai   M. Uchida-Ota   Y. Terasawa   N. Kondo   M. Kato   E. Yamamoto   M. Kanai , and more

Session5 13:00-15:00 Anthropological approaches to Logic and Sensibility 〔Chairs : K. Miyasaka and J. Kitanaka〕

Allan Young
(McGill Univ., Canada)
Anthropologists' Perspectives on Reasoning and Rationality, 1860 to 2012

Keizo Miyasaka (Keio Univ., Japan)
Personhood, Rationality, and the Senses: Cultural Anthropological Approaches to Overcoming the Dichotomy of Logic and Sensibility

Junko Kitanaka
(Keio Univ., Japan)
Depression in Japan: Psychiatric Cures for a Society in Distress

Poster Sessions③ 15:00-15:45 Members of the Unit "Genetics and Development" & "Language and Cognition"
S. Ojima   T. Monou   K. Hine   K. Matsuo   H. Kuma   M. Omori   K. Takahashi   Y. Hakuno   N. Morisawa   H. Miura , and more

Session6 15:45-17:45 Language and Cognition in Logic and Sensibility 〔Chair : Y. Otsu〕

Yael Sharvit
(University of Connecticut, USA)
The Projection Problem of Some Presuppositional Operators

Yuji Itoh
(Keio Univ., Japan)
Two modes of processing: Nonverbal memory, concept learning, and laypersons' judicial judgment

Yukio Otsu
(Keio Univ., Japan)
Scope Phenomena in Language Acquisition

14th Sep.

Session7 9:30-11:30 Philosophical approach to Logic and Sensibility 〔Chairs : N. Notomi and T. Iida〕

L.Brons
(Nihon Univ., Japan)
Bare and Indexical Existence

Takashi Iida
(Nihon Univ., Japan)
Perceiving an Abstract Object: Inheriting Ohmori Shozo's Philosophy of Perception

Noburu Notomi
(Keio Univ., Japan)
The Art of Logos in Ancient Greece: between logic and sensibility

Poster Session④ 12:30-13:00 Members of the Unit "Philosophy and Cultural Anthropology"& "Logic and Informatics",
G. Mohacsi   J. Teruyama   H. Miyake   Y. Shimazono   C. Yamane   S. Hoshi   T. Murai   R. Takemura   K. Mineshima   Y. Sato   T. Genka   Y. Takahashi , and more

Session8 13:00-15:00 Reasoning in Logic and Sensibility 〔Chair : M. Okada〕

Sacha Bourgeois-Gironde
(École normale supérieure, France)
NEUROBIOLOGY OF ALLAIS PARADOX

Atsushi Shimojima
(Doshisha Univ., Japan)
Graphics semantics connecting with a psychological model of graphics comprehension

Mitsuhiro Okada
(Keio Univ., Japan)
LOGIC EXISTS?
